2024 ASPPH ANNUAL MEETING
FOR ACADEMIC PUBLIC HEALTH
MARCH 21-23 • ARLINGTON, VA

TOOLKIT
The Association of Schools and Programs of Public Health (ASPPH) 2024 Annual Meeting for Academic Public Health will take place in Arlington, VA from March 21-23. Our Annual Meeting convenes graduate and undergraduate academic public health leaders, faculty, students, and members of the public health community from around the world to engage in discussions and share new strategies and tools to strengthen education, practice, and research in public health.

The Annual Meeting encourages social connections that advance our shared mission, which is why we have created this toolkit. We hope you will share the content we’ve provided here to help us promote the Annual Meeting. The more awareness and participation we have, the more we can spread our ideas to significantly improve the health and well-being of everyone everywhere.

We are all the voice of academic public health.

Join (insert name of school, program or organization) and your peers at the Association of Schools and Programs of Public Health (ASPPH) 2024 Annual Meeting for Academic Public Health March 21-23, 2024 in Arlington, VA.

ASPPH’s Annual Meeting convenes graduate and undergraduate academic public health leaders, faculty, students, and members of the public health community from around the world to engage in discussions and share new strategies and tools to strengthen education, practice, and research in public health.

The opening plenary session, Framing the Future of 21st Century Education: A Blue-Ribbon Panel Perspective, consists of internationally known higher-education scholars who will present key insights in the areas of transformative education, life-long learning, and the role of technology as an integral part of the rejuvenated vision for academic public health.

Join over 700 attendees for 3 days of learning and choose from more than 50 concurrent sessions with more than 200 presenters. Learn more about their registration fees, hotel and travel, speakers, skill-building workshops, and more.

We hope to see you in March.
